

20 February 2019 VSACT

Introductions

Fernando Fernandez – Fort Hood National Bank

Stand Up and Play Foundation, Kevin McJunkin (Local Chapter Director)

The Stand Up and Play Foundation is a volunteer-based 501©3 nonprofit organization that is changing the lives of wheelchair users and other individuals with disabilities with a remarkable piece of equipment – the Paramobile—that allows them to stand up and play sports and engage in everyday activities. Their goal is to make Paramobiles and other mobility devices available to all organizations, community centers, golf clubs, and individuals nationwide.

3/25/19 (tentatively): Two of these devices will be made available at the Fort Hood golf course for free. These will be donated to MWR so that they can stay on the golf course. This organization that has bought it is even going so far as to pay for the green fees so that Veterans.
